Approx. 5g of Seeds

Herb Parsley Plain Leaved (French) is a sweet herb that can be used in your favourite dishes, either as a herb or as a garnish. Produces frilled flat leaves. Perfect for growing outside in a herb garden or on a windowsill inside.

Sow Indoors
 January-December

Sow Outdoors
 March-June/
 August-September

Harvest
 June-October

Sowing Instructions

Sow directly outdoors from mid-spring onwards. Ensure soil is well drained and they're in a sunny or partially shaded position.

Sow seeds thinly (1cm deep and cover with a thin layer of soil and water gently. To speed germination, seeds can be soaked in warm water for 24 hours before planting. You can also plant on a windowsill throughout the year.

Thin outdoor plants to 5cm apart when seedlings are 3-4cm high. Indoor windowsill pots can be left to pick young as they do not transplant well.

Days to harvest to maturity

70 days.

Tips

Harvest leaves continually during the growing season to encourage new growth. Harvest larger sprigs off plants as they mature.
